

A few tips on how to use this CD

The *Food Security Begins at Home* CD was compiled using Adobe Acrobat software. A copy of the latest version of Adobe Reader software (7.0) is installed on the CD that makes it possible to read PDF files created by Acrobat.

All chapters in the handbook are fully searchable by keyword. The documents are also easily navigated by using either drop-down menus or shortcut keys.

For assistance with other Adobe Reader options, please see the “How to” and “Adobe Reader Help” options under the Help menu.

Navigating tips

To go to the top or bottom of a handbook chapter, click on the “home” or “end” button on your keyboard.

Click the “page up” or “page down” buttons to view a previous page or the next

Copying text, tables & images from handbook

Text, tables and images can be copied using basic text and snapshot options under the Tools menu. Readers are asked to properly cite authors and originating organizations for all text and images copied from this handbook.

How to conduct keyword searches of the handbook

You can search the PDF documents of the handbook by using either the Find toolbar or the Search PDF window to locate any instance of a word, series of words, or part of a word.

Pressing **Control+F (windows)** or **Command+F (Mac OS)** will display the Find toolbar, which lets you search in the current PDF document and navigate through the search results.

Pressing **Shift+Control+F (Windows)** or **Command+Control+F (Mac OS)** displays the Search PDF window, which allows you to search with additional criteria in the current PDF document or multiple PDF documents in the location you specify.
